Belief in Every Student's Promise

Opportunity Charter School (OCS) teachers are trained in cutting-edge, research-based methodology of evaluating academic strengths and weaknesses. To maximize each child's personal development, an individualized education plan is created that is tailored to his or her unique needs. Students receive differentiated instruction in every curricular area with the goal of expanding their higher cognitive thinking.

Performance Driven and Results Oriented

Our curriculum will prepare students to take the Regents and transition to college or a meaningful career. Our goal is for every student to graduate having achieved a clearly demonstrated academic and social foundation, as well as a deep understanding of their own strengths and weaknesses. Our teachers are responsible for implementing OCS's Common Core curriculum and assessing students in order to appropriately meet their academic needs. We seek educators who are dedicated to improving their instructional practices by working critically and collaboratively with their colleagues.

Specific Responsibilities

- Implement curriculum and create performance tasks aligned to the Common Core Standards;
- Design and implement assessments that measure progress towards academic standards;
- Use interim assessment data to enhance curriculum and inform instructional practices;
- Participate in professional learning communities, grade-level activities, and school-wide functions;
- Communicate and collaborate effectively with students, families, and colleagues;
- Have extensive content knowledge including how to differentiate, and how to use universal design for learning (UDL) guidelines and leveled questioning.

Requirements

- Bachelor's degree is required; Master's degree preferred;
- NY State certification in Teaching English to Speakers of Other Languages required; dual certification in TESOL and Special Education preferred.

Compensation is competitive and commensurate with experience. Opportunity Charter offers a full benefits program, as well as membership in Teachers' Retirement System.

Learning Beyond Limits.
