While playing in the NFL Colin would use his platform to protest Black inequality in the United States by sitting down or kneeling during the National Anthem.

When asked why he did this he said “I am not going to I am not going to stand up to show pride in a flag for a country that oppresses black people and people of color,. To me, this is bigger than football and it would be selfish on my part to look the other way.”

This sparked a league wide movement to kneel during the National Anthem. Players, Coaches and owners were doing it in the NFL. Colin's knell got so big a lot of people started doing it in other leagues such as Lebron James.
